“Developing the skills you will need, in order to succeed!”

The B.E.T. Project is a program designed to help eligible individuals develop the necessary skills for employment. The IWD Department released a new publication stating that Iowa’s economy is projected to add more than 216,000 new jobs over a ten year time period.

The B.E.T. Project will assist in filling those positions with well qualified individuals that complete our program.

If you are looking for employment, wanting to complete your G.E.D., or would like to develop the skills for a good wage paying position that will get you and keep you on track, then come to one of our informational meetings. *Scholarships provided for entire program!*
